

# Environmental Day - Serbia

On the occasion of 5 June, the International Environmental Day, Zdravlje Actavis company awarded all the primary schools in Leskovac that participated in the campaign for collecting the recycling paper. Introducing a thematic children's program in the Hall of Kosta Stamenkovic Primary School, the Head of the City's Department for Social Affairs, Ms Suzana Stankovic-Ilic, and Actavis' EHS Director, Elizabeta Kostic, spoke about the importance of environmental protection and spreading of environmental awareness.

As part of the program, Zdravlje Actavis company awarded the winners of the

traditional Annual competition in collecting the recycling paper, the activity initiated and announced by the Company on 22 April - the Earth Day.

"This year we decided that the best award should be a digital video camera that children and their teachers can use to record all the important school events and their future environmental activities. We believe that this will help spread the environmental awareness and the

importance of protecting the environment we live and work in," said Elizabeta Kostic, EHS Director in Zdravlje Actavis company.

As a special award, the Company organized a day trip to the Jagodina Zoo for the members of the "Ecology Club" and the "Greens" from the two primary schools that organized the most efficient activities on the occasions of the Earth Day, the European Park Day and the Environmental Day.
